Consent and Authorization for Electronic Appointment Reminders

Client Name _____ Date of Birth ____/____/____ Client ID _____

The purpose of this Authorization is to request and consent to receiving text and/or email appointment reminders. The text and/or email will be limited to appointment reminders only. No other communication, conversation, or therapy sessions will be conducted via text or email.

I acknowledge that commonly used e-mail and texting services are not secure and fall outside of the security requirements set forth by the Health Insurance Portability and Accountability Act for the transmission of protected health information.

I have been given the opportunity to discuss electronic appointment reminders with my therapist, and have had all my questions answered.

In consideration of my desire to receive electronic appointment reminders, I hereby consent to receive electronic appointment reminders via non-secure e-mail and/or text services.

I understand that I may revoke my consent to receive electronic appointment reminders at any time by notifying my therapist, in writing, but if I do, the revocation will not have any effect on actions that have already taken in reliance on my consent.

I have read and understand the above description of the risks and responsibilities associated with electronic appointment reminders.

I agree to release my therapist and Promise Place from any and all liability that may occur due to electronic appointment reminders sent over a non-secure network.

I further agree to be held accountable for the client responsibilities as outlined above.
